Job context

The legislative framework for SEND changed as a result of the Children and Families Act 2014. The changes were significant in terms of extending the age range covered by the legislation to 0-25 years and introduced enhanced responsibility for engagement with parents/carers and children and young people to shape developments at both strategic and individual level. There is also increased emphasis on key partners including LA, education providers and health to work collaboratively to ensure the outcomes for children and young people are maximised. A new Ofsted framework was introduced in 2016 to monitor the performance of local areas in terms of SEND and compliance with the requirements of the new Code of Practice.

The strategic direction for the development of SEND in NY is underpinned by a strategic plan for SEND which includes developments to strengthen collaboration and decision making at locality level, the creation of local multi-disciplinary SEND teams together with the reshaping of the continuum of educational provision for 0-25 year olds with SEND.

The core focus of this role is to:

- Deliver an Educational Psychology service in one locality hub
- Work as an integrated part of the locality team

Job specifics

- Actively contribute to transformational change in provision and services in the locality, managing relationships, culture, and people across agencies.
- Work as a key member of the locality team, supporting colleagues in delivering personalised casework that puts the child and family at the centre.
- Develop and maintain sustainable income generation through delivering highly regarded traded services
- Support the balance in the locality EPS team between core/traded and statutory work
- Provide outstanding quality, child focused advice for statutory assessments in a timely manner
